

INSPECTIONS AND APPEALS DEPARTMENT[481]

Adopted and Filed

Pursuant to the authority of Iowa Code sections 10A.104(5) and 135B.7, the Department of Inspections and Appeals hereby amends Chapter 51, "Hospitals," Iowa Administrative Code.

Items 1 and 2 amend rule 481—51.18(135B). The current rule conflicts with federal requirements for laboratory services and is stricter than the federal requirements. The amendments to requirements for laboratory services make those requirements consistent with federal law.

Items 3 to 5 amend rule 481—51.41(135B) to implement legislative changes to Iowa Code section 135B.34 made in 2014 Iowa Acts, House File 2365. The legislation provides employers with additional time to verify the conviction or entry of a record of founded abuse of current employees. The change from 48 hours to seven calendar days was recommended by the Background Check Study Committee that met in 2013 pursuant to 2013 Iowa Acts, Senate File 347. The Committee recommended the change because the information necessary for employers to verify a conviction or founded abuse may take up to seven calendar days to be available on the system used by employers for verification.

The Department does not believe that the amendments impose any financial hardship on any regulated entity, body, or individual.

Notice of Intended Action was published in the Iowa Administrative Bulletin on October 1, 2014, as **ARC 1650C**. The Department received no comments during the public comment period. No changes were made to the amendments published under Notice of Intended Action.

The Hospital Licensing Board approved the proposed amendments at its August 28, 2014, meeting. The State Board of Health initially reviewed the proposed amendments at its September 10, 2014, meeting, and subsequently approved the rule making at its November 12, 2014, meeting.

After analysis and review of this rule making, no impact on jobs has been found.

These amendments are intended to implement Iowa Code sections 135B.7 and 135B.34 and 2014 Iowa Acts, House File 2365.

These amendments shall become effective January 14, 2015.

The following amendments are adopted.

ITEM 1. Amend subrule 51.18(3) as follows:

51.18(3) The hospital must ensure that all laboratory services provided to its patients are performed in a laboratory certified and operating in accordance with the Code of Federal Regulations in 42 CFR Part 493, ~~October 1, 2004~~.
